

# TSPC Progress Summary

**(8/28/18)**

The TSPC is now live on MTL and can be accessed via MyTrilogyLife.com.

The committee information page can be found as follows:

- Login to MyTrilogyLife.com
- Select “Community”
- Select “Committees”
- Select “Trilogy Security and Preparedness Committee”
- This will allow you to see the TSPC charter, meeting minutes and other information

Anyone interested in participating in TSPC activities are invited to contact the committee via the TSPC email [TSPC.MD@cox.net](mailto:TSPC.MD@cox.net).

The committee also maintains a “TSPC Activities” bulletin board post for anyone to contribute ideas or concerns for TSPC consideration.

We’ve had an introductory meet and greet for the committee members which went well. We have approximately 18 interested community members at present with a variety of backgrounds some of which include law enforcement, emergency preparedness, medicine, law, technology and public media. Some also have emergency response training.

Going forward, the committee will be pursuing efforts to foster “best practices” in both security and preparedness. Some of these activities include:

- Developing and maintaining planning documents for security and preparedness
- Near term actions such as promoting neighborhood watch activities with support from the SLO sheriff’s department
- Facilitating individual home owner efforts to improve security on their properties
- Developing local emergency response teams
